

“Nobody matches the performance, service, and the overall value that Progressive Components delivers.”

Ernie Young, Delta Mold Inc.

CUSTOMER SATISFACTION

Leading mold builders know the ramifications from any inferior ingredients within the tools they build, and align with Progressive for:

- Precision Ejector Pins for tight tolerance holes
- Alignment locks tested, proven and guaranteed to last
- Innovations for undercut release and plate sequencing

It's your name on the outside of the mold, and with Progressive Components inside, your customers gain maximum profitability for the lifetime of their tools.
