

“We trust Progressive Components in our molds. Our toolmakers recognize the precision fit and tolerances, while performance and longevity surpasses all others.”

Andy Baker, Byrne Tool + Design

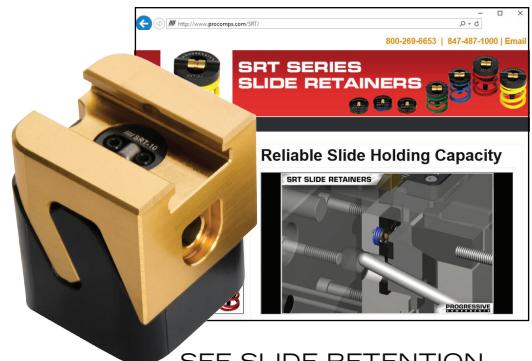

YOUR CUSTOMER’S SATISFACTION

Successful mold builders know that their growth ahead depends on the performance of the tools they’ve shipped. Progressive understands this and provides components that go the distance:

- Precision Ejector Pins for tight tolerance holes
- Slide Retainers that reliably hold, and do not gall slides
- Alignment locks guaranteed to last for the life of the mold

Keep your customers coming back by selecting consistent, proven standards. Call 1-800-269-6653 to discuss the benefits to your business when specifying Progressive Components.
