

One-Stop Source for Date Plugs and Rings

Progressive Components has the widest selection of replacement date rings and plugs anywhere, making us your one-stop source for competitively priced date stamp products worldwide. There has never been a more convenient and complete way to ensure your tooling needs are covered.

Compatibility

Progressive's date stamp product line offers innovative features while maintaining compatibility and interchangeability with the most popular brands on the market. Plus, our global supply network ensures replacement inserts are available, regardless of where the tool was built and is being run.

Progressive's exclusive plug-matching template makes it easy to find replacement plugs for those more challenging to identify.

Customer Service

Progressive's Customer Service is second to none. For reorders, customers can call 1-800-269-6653 or email us at customerservice@procomps.com, and our team can pull up past orders and assist with identifying plugs from other suppliers to help expedite the order process.

"No one matches Progressive Components for service, selection, and pricing of Date Plugs for our annual replacement changeovers."

~ Ernie Young, Delta Mold Inc.

Whether you purchase date stamp products for batch identification, quality control, or process control, we've got you covered. Turn to the industry's leading date stamp supplier: Progressive Components.

Engineering Assistance

Do you need help identifying the correct date stamp style or size, or are you wondering what type of dater makes the most sense for your application? Our engineering team is available to help. Email Tech@procomps.com and we will gladly assist you.

Etched For Identification

One thing is sure: Every center replacement insert from Progressive is laser etched with our information to eliminate guesswork and the frustration it brings from not knowing where to buy the plugs at year-end changeover.

Time For a Change!

Progressive's plug-matching template helps simplify the process of finding replacement plugs for other brands and those that are difficult to identify. If you still need help, call us at 1-800-269-6653, and a team member will assist you.
